

Table 1. Fish and freshwater crustaceans (crayfish and shrimp) observed at the Wattle Dale Road site (site code: CR35SOUT1, site ref 6167148) on the Southern River.

|             | Scientific name                   | Common name             | Previously reported <sup>1</sup> in the subcatchment | Observed at site                         |  |
|-------------|-----------------------------------|-------------------------|--|--|--|
|             |                                   |                         |  | Summer or <a href="#">Birak</a> Jan 2019 | Spring or <a href="#">Kambarang</a> Nov 2022 |
| FISH        | <i>Bostockia porosa</i>           | nightfish               | #  | -  | -  |
|             | <i>Nannoperca vittata</i>         | western pygmy perch     | #  | -  | Y (F)  |
|             | <i>Galaxias occidentalis</i>      | western minnow          | Y  | -  | Y  |
|             | <i>Tandanus bostocki</i>          | freshwater cobbler      | Y  | -  | Y  |
|             | <i>Geophagus brasiliensis</i>     | pearl cichlid           | Y  | Y (F)                                    | Y  |
|             | <i>Gambusia holbrooki</i>         | eastern gambusia        | Y  | Y  | Y  |
|             | <i>Carassius auratus</i>          | goldfish                | Y  | Y  | Y  |
|             | <i>Cyprinus carpio</i>            | common carp             | #  | -  | -  |
|             | <i>Phalloceros caudimaculatus</i> | one-spot livebearer     | Y  | -  | Y  |
| CRUSTACEANS | <i>Cherax cainii</i>              | smooth marron           | #  | -  | -  |
|             | <i>Cherax quinquecarinatus</i>    | gilgie                  | #  | -  | Y (F)  |
|             | <i>Palaemon australis</i>         | south-west glass shrimp | Y  | -  | Y  |
|             | <i>Cherax destructor</i>          | yabby                   | Y  | Y  | Y  |

Colour key for species:

|                       |   |
|-----------------------|---|
| Native:<br>Freshwater | Non-Native<br>(Exotic, Invasive, or Introduced) |
|-----------------------|---|

For images and more information, see <https://rivers.dwer.wa.gov.au/southwest/fauna/>

<sup>1</sup> Based on all available data reported to Department of Primary Industries and Regional Development as a requirement of species collection exemptions (see <http://freshwater.fish.wa.gov.au/>), prior to most recent assessment Y = yes (recorded), and a dash (-) indicates species was not recorded

# This species **may** occur in the subcatchment as it has been recorded in both upstream and downstream subcatchments and is known to undertake localised migrations between subcatchments.
